

## DESIGN ACTIVITIES:

The Earth Goddess presented the RESET team with challenges. How to create the look of an alien who had visited the Earth for thousands of years and influenced styles and culture around the globe. We decided that her costume should show touches of different cultures to reflect that. Her costume has Maori designs, Greek style, and Egyptian belt and a South American headdress.

We had one design... but what would you have done?

## ACTIVITIES:

Choose an activity—

- 1) Design your own costume for the Alien Earth Goddess.
- 2) Design the costume for the Alien Leader who is coming to Earth to 'reset' the planet.
- 3) Design their Alien spaceships.
- 4) Design their planet and its buildings.
- 5) Design a poster for RESET.
- 6) In the second season of the RESET web series, JUSTIN will find his ORB OF POWER, which will help him find the other child prophets. Design what that Orb of Power looks like.
- 7) Design a character poster—draw a picture of your favourite character with their name, and at the bottom write a paragraph about their character OR write key words about their personality around them.

*REMEMBER: If you want to share any of your designs, take a photo and email to [resetwebseries@gmail.com](mailto:resetwebseries@gmail.com) we would love to see them :)*
