

AND THEN THERE WERE TWO —WEBISODE 10 OF RESET:

NING is transported from Hong Kong to New Zealand in the blink of an eye by the lady in the light from RESET. At the end of Season 1, in Webisode 10, Ning appears by the satellite field with the other kids.

The satellites power up and shoot a light beam into space.

The kids wonder... what will happen next?

After watching webisode 10, have a class or small group discussion about what things might happen next.

Write the next few scenes for RESET or outline the story for the next episode.

If you want to send your ideas to the creative team behind RESET, then email your outlines or scenes to resetwebseries@gmail.com and we'll let you know whether you are on the right track or not.
