# CODE AND DECODE:

Codes can use letters of the alphabet, numbers, symbols, shapes, pictures or sounds.

In RESET, Justin intercepts and interprets a code from the Earth to the aliens.

Make up your own code, using anything you want to make a code with. Fill in your key below, and then write some messages to swap with friends or other people in your group. Get them to decode your messages and try to decode theirs.
If you want to make it a harder challenge, let them try to work it out without the key by giving them the first word of the message decoded and see how much they can work out before you give them the key.
A	B	C	D	E	F
G	H	I	J	K	L
M	N	O	P	Q	R
S	T	U	V	W	X
Y	Z				

CODE AND DECODE 2:

Here's a shape and colour code that we made up. See if you can decode our message using the key below:

You can also use our key code to make new messages of your own.

A	B	C	D	E	F
G	H	I	J	K	L
M	N	O	P	Q	R
