WEB EPISODE 1: 'The Earth Speaks'

- 1) Watch the first web episode.
- 2) Discuss what happened at the Science Fair.
- 3) Did anything surprise you?
- 4) Which characters did you find interesting, and why?
- 5) Why did the first episode end like it did? Do you know what this is called in film-making?
- 6) What do you think will happen next?
- 7) This web series is made in New Zealand with local kids and actors. It was made in a local primary school in Auckland. How does that make you feel, watching something made here?
- 8) New Zealand On Air is a government organisation that gives out money to New Zealand-made shows. They gave us some money to make ten web episodes of RESET. We want to keep telling Justin's story. Would you like to see more of RESET?
- 9) Our primary school test audiences filled in survey forms and sent us their views. We used those comments to help us to get funding for the series. We'd love to hear what you all think too! Fill in your survey form below and then scan it, or take a photo of it, and email to resetwebseries@gmail.com
